October 28, 2002

UNIT COST UNCHANGED FOR 2003

The CLRC Board of Directors held its regular fall meeting in Ottawa on October 21st. As a result of that meeting, I am please to inform all member associations that the unit cost at CLRC will remain at \$4.65 for 2003. 2003 will be the third year in which the unit cost has been \$4.65. There has, in fact, been only one small increase in the unit cost since 1997. This illustrates the commitment of your CLRC Board of Directors and management to provide high-quality registration services to you at a reasonable and stable cost.

The Directors approved the purchase of some additional equipment for the CLRC office, which will give us the ability to provide enhanced service in the area of archiving of source documents for future reference. Whereas these are now microfilmed, they will be scanned and stored electronically for easier access by staff. An additional colour printer will also be purchased to ensure timely production of all certificates of registration.

For those associations that may not yet be aware, I am very happy to announce that the Canadian Maine-Anjou Association will be returning to be a member of CLRC on January 1, 2003, after an absence of about 25 years. We are looking forward to again serving the Maine-Anjou breeders across Canada.

CLRC is your registry office and your comments and suggestions are always most welcome.
